Major retirement complex proposed for Minden

A multi-million dollar development that would provide housing and nursing care for up to 234 senior citizens has been proposed for Minden. The Anson, Hindon and Minden municipal council heard from the principals involved in the project at the regular meeting September 26.

The proposal has been suggested by Patricia White, the owner of 513,000 square feet of property bounded by Highway 35, Prince Street, Newcastle Street and Lyons Street. Appearing with White at the meeting were Victor Heinrichs, a resource planner and Henry Gotfryd, an architect.

They told the meeting they plan to develop an integrated retirement community on the site, providing accommodations for seniors ranging from independent housing units to chronic care beds. The development would include a group of semi-detached housing units, apartments as well as facilities for individuals requiring intermediate, extended and chronic care services.

Henrichs told the council that the development would include such services as laundry, a central dining room, recreational area, among others. Those living in the apartments or housing units could take advantage of some or all the facilities as required.

The meeting was told that the developers were willing to begin on the project as soon as next spring. Henrichs pointed out that the independent living centres could be started first while the developers attempted to secure licencing from the Ministry of Health for those services falling under their control.

He also emphasized that the facilities at the complex would be open to seniors living elsewhere in the community. He said the developers would encourage the integration of the residents and the seniors in the community.

Mr. Gotfryd told the meeting that since the developers would be approaching the Ministry of Health for licencing of certain portions of the facility, they would require the support of the municipal council. Deputy Reeve Ed Pergolas noted there was, at the moment, a desperate need for the chronic care beds in the county. He also said the county had recently learned that 18 chronic care beds had been assigned to the county and suggested the proposed development could be used to accommodate those new beds. The Deputy Reeve also noted that redevelopment of the facility at Hyland Crest, to accommodate the additional beds, could be an extremely expensive undertaking. New provincial regulations would require larger living quarters.

It was noted during the discussion that only the Ministry of Health can assign the beds to an area and that they are often accommodated in conjunction with a hospital or through a non-profit agency.

Henrich said the developers are ready to proceed with the project as soon as possible. He noted they required zoning change for the land in question, assistance in approaching the provincial government for the necessary licencing which would include the creation of a board of directors representing a cross section of the community, especially those in the health care field, and a commitment from council that if the project were to proceed, the municipality would back their licence applications to the Ministry of Health, even if another similar service moved into the area.

Councillor Gary Kenney suggested the council might wish to take the written proposal presented by the developers to the Ministry of Health for a comment. Henrich said they would be delighted if the ministry was approached.

Deputy Reeve Ed Pergolas said the council would be prepared to process the zoning change application as soon as it could be offered. Reeve McKnight suggested the municipality should also be making representation to the Ministry of Health regarding the allocation of the additional beds for the county.

Both groups agreed to meet in the near future to proceed with the plans for further development of the site.

Members of the Lincoln Leapers skipping team demonstrate their gymnastic ability and precision teamwork to a group of youngsters at the Haliburton Squash Club Saturday. The seven member group performed synchronized exercises during the squash club's open house.

Lions charter night Saturday

Minden will gain another service club this weekend as a new Lions Club will receive its charter Saturday evening.

The Minden and District Lions Club comes into being with 23 members, headed by president Robert McNab. The executive of the club includes first vice-president John Stainton, second vice-president Joseph Cannon, third vice-president Jack Hewson and directors Bill Hirstwood and Dr. Anthony Holliday-Rhodes. The club's Lion tamer is Leon Wright and the tail twister is Joe Nicholson. The club secretary is Allan Rice with Frank Dunsford, club secretary.

Club president Bob McNab said a number of dignitaries are expected to be on hand for the evening, including MP Bill Scott, MPP John Eakins, past Lions governors and deputy district governors as well as representatives of area service clubs and organizations.

Past District Governor Charlie Crockford, a member of the Lindsay Lions Club, will be the master of ceremonies and will officiate during the charter ceremonies.

The charter night is planned for the Minden arena, getting underway at 6 p.m. with a social hour and dinner at 7 p.m.

The following day, those guests who have travelled from Lions Clubs outside the area will be treated to a bus tour of the Haliburton Highlands to enjoy the coloured leaves and take in some of the sights of the area.

LEAD report looks to future

A report outlining guidelines for the establishment of an economic development strategy for Haliburton County has received the backing of County Council.

The document entitled, "Overview to an Economic Development Strategy Plan," was prepared by the Haliburton Local Employment Assistance Development (LEAD) Corporation and submitted to County Council on September 25 by Program Manager Andy Campbell.

The report will form an appendix to the LEAD submission to the federal government seeking funds for a proposed lending corporation and two "infrastructure" projects; an industrial complex in Haliburton and a building in Minden housing CHACE Place and several retail outlets. The discussion paper is based on the findings of a report completed in September by the consulting firm of Pannell Kerr Forster that identified specific areas of the economy on which the development strategy should focus.

The report echoed the findings of two previous studies commissioned by the Ministry of Tourism and Recreation in 1981 and a report by the Ministry of Treasury and Economics issued in May 1979.

The three reports recommend an emphasis on the development of activities and events which will broaden the peak of the tourist season or develop activities which will take advantage of the low season.

Proposed Minden Retirement Community Project

These are the architect's drawings of the proposed Minden Retirement Community. The homes in the lower left would provide accommodation for 21 individuals in 14 units. The main central building, envisioned as a three floor structure, would include a hotel, apartments for 101 seniors and rooms for 32 intermediate care seniors, 30 chronic care beds and 40 extended care beds. Also included in the structure is commercial, office and clinic space. The buildings are proposed to cover 150,000 square feet of the 513,000 square foot area.

Orthopaedic services to be reduced at Ross Memorial in Lindsay

The Board of Governors of Ross Memorial Hospital in Lindsay have announced that orthopaedic services will continue but on a reduced basis.

Reports earlier this year that the orthopaedic unit would be closed prompted wide spread concern in Haliburton County.

The Board decided to continue services for an unspecified length of time at a meeting in June after receiving a petition bearing 1700 signatures of residents of Haliburton County opposed to the possible closure.

In a news release issued on Friday, Board Chairman, Valkmay Barkey announced the Board of Governors had decided, "the hospital will continue offering orthopaedic services to the community to the best of its financial ability," adding, "However, faced with the remaining budgeted operating deficit of $574,000 in Ministry funding ... the Board also approved a number of measures recommended by the department of surgery, the medical staff's Medical Advisory Committee and the Board's Management and Finance Committees to help reduce the deficit."

These measures include the restriction of elective (non-emergency) orthopaedic surgery to one day a week (emergency surgery will continue as needed on a daily basis); reverting to a "standby" system rather than full time staffing of the operating theatres during the evening shift for emergencies, and the implementation of a 25% reduction in the budgeted provision for the purchase of prosthetic devices.

These measures are expected to save the hospital $64,000.

The news release also quotes Hospital Administrator, Eric Freeborn, noting that in preparation for the 1985/86 budget, "Other hospital department requests totalling $420,000 for increased staffing were denied, resulting in the freezing of paid hours of work in all departments at the previous year's level."

Elective restrictions

The Administrator told The Times on Tuesday the Board, "never did intend to discontinue emergency orthopaedics. We are continuing elective and emergency orthopaedics but will be restricting elective orthopaedics to one day a week."

"The problem," he said, "is to provide some equity in access to operating room time. We have a lot of surgeons that need O.R. time, not just orthopaedics. We feel this system will be more equitable and more consistent with practices in other hospitals." He compared the situation to England where patients must wait from two to four years for elective surgery.

His comments were consistent with a statement of Dr. Manmohansingh, Chairman of the Medical Advisory Committee, contained in the news release noting, "a check with three hospitals in our region confirmed that their orthopaedic surgeons are restricted to an equivalent of one day a week for elective surgery."

The statement continues, "The shortage of beds and the need to ensure equitable access to them among surgeons, was another factor that had to be considered in making the recommendation."

The hospital's orthopaedic surgeon Dr. Trevor Yardley was critical of the cost cutting measures.

Referring to the 25% cut in the orthopaedic prosthesis budget, Dr. Yardley commented, "I can accept that to an extent," but said the restrictions on elective surgery, "could effectively destroy the elective orthopaedic services".

"Two out of three elective orthopaedic surgical days have been cut. I am already having to book people as far ahead as January. This (reduction) will mean a waiting period of a year," he said.

According to the news release, the Director of the Ministry of Health's Institutional Division has suggested, "The elimination of established clinical services be avoided and that there be an attempt to ensure a relatively equitable impact on clinical services."

The Ministry has also informed the Board, "the hospital's financial situation will be given high priority in (their) mid-year review of the second quarter operating statements," according to the news release, which concluded by noting the ministry director, "was hopeful the financial situation can be resolved."

Council ponders taxi licence

A request for a second taxi company to operate in the village of Minden led the municipal council into a discussion of local government intrusion into private enterprise at the September 26 meeting of Anson, Hindon and Minden council.

The matter arose when the council was told an individual was interested in acquiring a licence to operate a taxi cab business in the community. According to the Municipal Law Enforcement Officer, Dick Schell, the township has a by-law which governs the operation of taxis in the community. He noted that the bylaw does not comment on the number of cabs in the community, but does indicate that a formal application must be made to the municipality for the issuance of licence. He told the meeting that an individual was interested in operating a second service in Minden, but he wanted to know the council's feelings before proceeding with the application.

Councillor Dave Stevens suggested that the bylaw tended to discriminate against potential operators, by requiring them to seek the council's approval for a licence to operate.

Reeve Lyle McKnight noted that the by law had been on the municipality's books for a number of years and was renewed in 1982. He said it was council's business to ensure there were not too many cabs in the community.

Councillor Pat Burk said the municipality should be responsible for screening applicants for taxi licences and suggested that procedures followed in other communities could provide a guide for this municipality.

Councillor Gary Kenney said he would refuse to comment on the matter, if the question was how many taxis the community should have. He said that was not a matter which the council should be considering. He said the legality of the bylaw would be in question if its purpose was to regulate the number of cabs in the community. However, he told the meeting he felt it was proper for the municipality to maintain a screening process to ensure public health and safety.

Deputy Reeve Ed Pergolas suggested that if there was no limit on the number of taxis int he communtiy, it would be easy for a group of operators to "gang up" on one individual and "drive him out of business."

Without passing a formal resolution, the council agreed there appeared to be no reason why the individual should not proceed with the application to operate a taxi in the village.

LEAD report

(from page 1)

As the discussion paper points out, "The level of employment has a dramatic shift throughout the course of each year. Those unemployed will range from a low of approximately 4% in the peak season through a high of approximately 17% in the low season."

The report also recommends increased utilization of timber resources in light manufacturing and as a fuel source. Contained in the report is a summary of the economic goals of the economic development strategy.

Those recommended are: To increase the economic potential and employment opportunities for citizens by creating added income and additional jobs; To diversify the economic base of the County's industry; To extend the length and impact of the summer and winter tourist seasons; To identify and locate attractions and services that support the tourism development of the County; To identify the tourism development opportunities which could strengthen and diversify the economic base of the various townships; To identify manufacturing businesses whose products are associated with the tourism business or the leisure time market; To create a spirit of collaboration and coordination among the ten townships to establish a strong, integrated economic community; To identify areas of government assistance.

The report also notes the population of the county could support the establishment of an Economic Development Commission as well as the creation of the position of an Economic Development Officer. To assist in the development of a detailed strategy, the report recommends that political representatives of the County seek funding from the provincial and federal governments. As noted, the Ministry of Tourism and Recreation has made funds available in the past to assist communities in the establishment of tourism development plans.

According to the program manager, the proposal for a lending corporation and the document containing recommendations on the establishment of the economic development strategic plan will be submitted to the federal government within a week.

The submissions regarding the infrastructure proposals will be submitted later this month.

editorial

Let the market decide

It has long been our contention that while municipal governments have a role to play in ensuring and encouraging orderly, commercial development within a community, they should not be involved in tinkering with what is commonly known as a free market system. The Anson, Hindon and Minden council came dangerously close to meddling in that system last Thursday, but fortunately decided to back away from it.

We refer to an inquiry regarding the issuance of a taxi licence for an operator in Minden. Several members of the council expressed opinions about the need for another taxi operator in the village, wondering if the market could support a second operation. This should not form a part of their consideration for this business, or indeed any other commercial enterprise which may wish to open its doors here. In our open system, it is the give and take of the competetive, free and open market which should be allowed to dictate which businesses prosper or fall by the wayside.

Protecting the health and safety of its citizens falls within the responsibilities of government at any level, but attempting to dictate access to the market place can only lead to stagnation. Distortion created by senior levels of government, for example, in imposing rent controls or trying to exert an influence in the oil industry, provide examples of the distortion which can occur.

Prudently the councillors decided not to interfere. We hope if represents a trend that this and future councils will continue to emulate.

Editor:

It pleased me greatly to read your editorial last week in which you handed out a few bouquets.

I would like to add an Amen for your remarks about the horticultural society for a job well done. This group of volunteers work on their own with their own funds and do a tremendous job. It is nice to see them singled out publicly.

The Parks Department have exciting plans for the river bank for the coming years. This however, is dictated by the grants that we may receive. Slowly but surely!

The moving of the playground has not only given us a better playground, but has released a lot more space for downtown parking that we desperately needed.

It is a pleasure for me to be associated with such dedicated people such as the society and the parks staff.

Ed Pergolas
Chairman
Parks Committee

Fire Prevention Week
October 6 to 12 1985

It is the hope of your fire department that all residents of our municipality will observe this week to eliminate fire hazards in their homes and business places. The terrible waste of lives and property last year in Ontario could have been prevented by your co-operation. There were 23,675 fires last year, 185 deaths and $232,211,304 in property loss.

We in the fire service ask that you co-operate with us to reduce this great loss to community and country. With your co-operation I am sure we can accomplish this in the coming year.

Education and your endeavours can make this possible. Your fire department is there to assist you, do not hesitate to contact us for advice or assistance.

W.M. Jackson,
Fire Chief,
Anson, Hindon & Minden
Fire Department.

UIC payments studied

- by Bill Scott, MP -

The Commission of Inquiry on Unemployment Insurance was formed by the Prime Minister on July 6, 1985. Its mandate is to study our current system and report to the government by March 1986. On September 18 it released a discussion paper entitled "Unemployment Insurance - Back to the Drawing Board?"

The chairman of the Commission stated that it is now time to reconsider the objectives of Unemployment Insurance. Three issues he believes must be raised are: The risks to be covered; who is entitled to what; and how behaviour is affected. In the discussion

(more on page 6)

outdoors

Federation of Ontario Naturalists

Overnight they appear, as if by magic. Dozens of them! Great white cannonballs. Miniscule orange parasols. Brown, beige and yellow toadstools. And strange, twisted corals. Some delicious; others deliciously deadly.

Mushrooms make their most-common appearance at this time each year. Hundreds of different species share a bizarre life cycle, and an array of adaptions which make true plants appear positively boring.

Microscopic spores - barely the size of pin-pricks - have lain dormant in the soil for nearly a year, awaiting precisely the right combination of temperature and moisture that will allow germination. Soil temperature lags behind air temperature by a month or two and peaks in late August. The result is that spring is too cool and summer too dry.

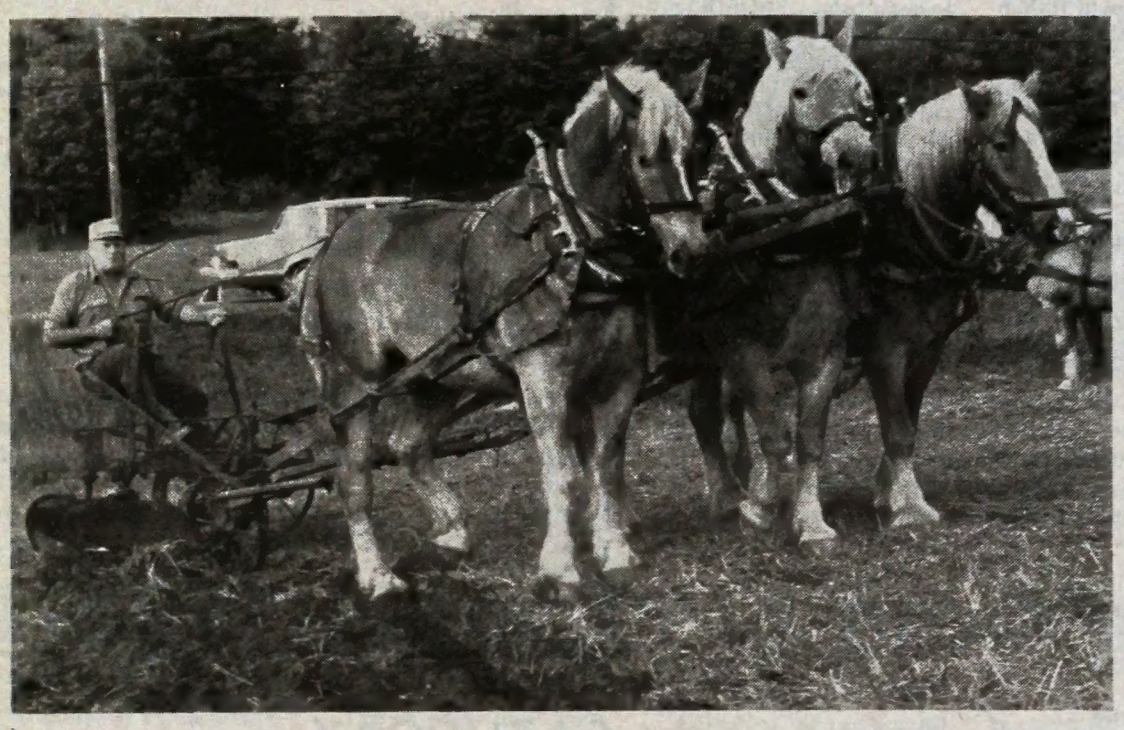
Unlike fantastically - larger plant seeds, spores carry no stored food, water or other nutrients to give early growth a helping hand. They are barely more than a microscopic shell, housing genetic material which will - given the right conditions - begin rapid growth. The sudden, abundant moisture of early September, coupled with soil warmth, provide the ideal conditions. And germinate they do - by the millions.

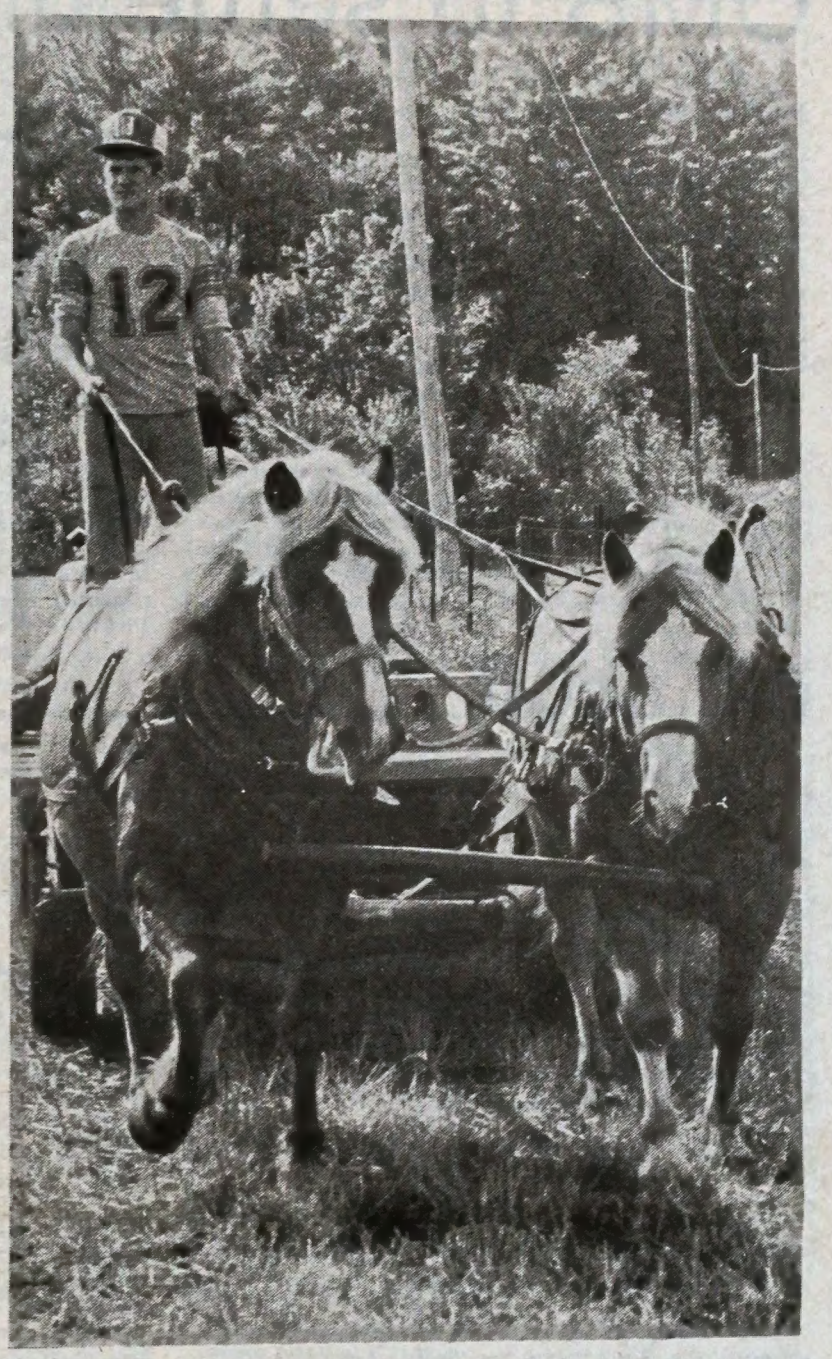
But barely one in a million will ever reach a visible size. For, unlike green plants, fungi have no photosynthesis and are unable to manufacture their own food. Instead, they produce digestive juices which rot organic material from the soil, dead roots, buried branches or other material, and convert food - as fast as they get it - into an expanding mass of spider-web-like rootlets which will nuture the fungus. It's only in rich, organic pockets that they'll ever find enough food to reach visible size. (It's also the reason shaggy mane mushrooms grow best over septic fields.)

Seizing nutrients, mushrooms grow spectacularly. Unlike true plants and animals, fungi don't differentiate their cells into a complex array of tissues, leaves, roots, growing tips, bark, dead wood and so forth. Fungi are simple - everything is alive, growing and dividing.

This, coupled with their nondependance upon light for food, means that fungi grow 'round the clock, often doubling their size each day during peak growth. Such development enables the amanita, for example, to rocket from a microscopic dot to a 10" (25 cm) high, 6" (15 cm) capped mushroom in barely 2 weeks, and indeed to complete its entire life cycle in about 3 weeks.

Draft horses draw 700 spectators





Members of the Haliburton County Farmers' Association broke new ground in more ways than one Saturday at the farm of Ingram Wessell in Lutterworth Township. The Association presented the first annual Heritage Draft Horse demonstration featuring ten local teams. Organizers estimated over 700 spectators visited the site during the afternoon. Of special interest was Ingram Wessell's team of three Belgians pulling a two furrow riding plough and a demonstration of a disc plough used by county pioneers to break rough, overgrown ground. Visitors were able to hop a ride on a haywagon to get a closer look at the many aspects of preparing a field for planting.

Parks Committee Drawing Board?

(more on page 6)

OMB to settle dispute

A dispute between two Soyers Lake property owners involving the municipality of Anson, Hindon and Minden will be left to the Ontario Municipal Board to sort out. That appears to be the concensus of the council following a meeting September 26.

The council heard a deputation from Mr. Vankoughnet, one of the property owners on Soyers Lake. His cottage lot is adjacent to one the township traded to Mr. Gary Vasey when the municipality purchased the Welch property in downtown Minden. Shortly after the trade was completed, the lot was sold to a Mr. Cotton who applied for and received, a building permit for a cottage, even though the lot did not have adequate lake frontage, according to the municipal zoning bylaw.

Mr. Cotton proceeded to build his cottage and refused to halt work when the municipality ordered him to, following complaints from Mr. Vankoughnet. According to Vankoughnet, Cotton has also positioned his cottage in such a way as to devalue his property and reduce his privacy. Vankoughnet was also concerned that the new property owner was attempting to make use of a municipal road allowance on the far side of his property. The road allowance was suggested as a possible trade-off with Cotton if he would realign his cottage on the enlarged lot.

The matter involves a number of personal animosities, claims and counter-claims and has become somewhat of a tangled web for the municipal council. Rather than attempting to intervene in the dispute any further, as Mr. Vankoughnet had requested once again last Thursday night, the municipality will let the matter be argued out before an Ontario Municipal Board judge.

Vankoughnet was told that since the township's new zoning bylaw was soon to come before the OMB for approval, if he wished to pursue the matter, he should be prepared to present his case in that forum. It was suggested that the OMB provide the fastest way to finally bring the matter to a resolution.

Councillor Gary Kenney noted as the discussion drew to a close, that no matter how the municipality or the Ontario Municipal Board ruled on the matter, there would always be one party in the dispute who would not be satisfied by the outcome.

Bill Scott

(from page 4)

paper the Commission has already identified some areas which it wishes to explore in more detail:

- the underlying philosophy of U.I. and its relationship to other social programs and private income protection plans.
- the administration of the unemployment insurance program.
- business, labour and government - who pays what price?
- special uses of the U.I. fund - who benefits?
- an approach to people presently excluded from participation in the U.I. program.

The first priority of the Commission is to obtain the views, concerns and suggestions of as many Canadians as possible. To do so, public hearings will be held across the country beginning in the fourth week of October. They will provide a forum for discussion with all concerned groups and citizens.

If you want to address one of the hearings you should watch the newspapers and send your submission to the Commission at least two weeks before the hearing at which you wish to appear. This submission should be in the form of an outline of what your propose to say.

If you would like further information, intend to address the hearings, or want to get a copy of "Unemployment Insurance - Back to the Drawing Board?" please write to: Elizabeth Dowdeswell, Executive Director, Commission of Inquiry on Unemployment Insurance, P.O. Box 3432, Ottawa, Ontario, K1P 5K0.

As Mr. Forget stated, "The hearings and the process of consultation must be more than an occasion to vent grievances or to air views about recommendations of past task forces and Commissions of Inquiry. it will take a co-operative collaborative effort to develop innovative, politically feasible initiatives that will serve us well in the future."

Pensions

Federal Old Age Security pensions, Guaranteed Income Supplement and Spouse's Allowance will be increased in October to keep them in line with the cost of living. The universal old age pension will rise to $282.94 a month, the maximum supplement (GIS) will rise to $336.26 for single pensioners and the maximum for married people will rise to $219.00 for each spouse. The maximum Spouse's Allowance will increase to $501.94 and the maximum extended Spouse's Allowance will rise to $554.16 a month.

An amendment to the OAS Act, effective September 1, now allows payment of the Spouse's Allowance to all 60 to 64 year old, low income widows and widowers who live in Canada and who meet the residence requirements, regardless of when their spouses died. If you feel you might be eligible, or you know someone who might be eligible you should contact your closest Income Security Programs Office to get information on how to apply.

Outdoors

(from page 4)

Rapid growth quickly outstrips the ability of the 'rootlet' mass to feed it. The structure begins to mature, spreading flat its cap, and developing dozens of radiating 'gills' on its underside. There it will mature special cells as next year's spores. The absence of flowering, and production of spores as exact genetic replicas of the - single - parent, enable the whole process to be completed within days.

By early October, next year's progeny are already on their way - dropped or stripped from the gills by strengthening fall breezes, and blown thither-and-yon as a dusting over the entire landscape.

Many mushrooms - like the familiar puffball - are edible. Others are deadly poisonous; a single, nondescript Death Angel Mushroom contains enough of its complex poisons to kill perhaps 100 people. Because mushrooms go through such dramatic form changes as they grow, they're not easily distinguished by the would-be connoisseur. Unless you know, for certain, what you're looking at, it's better to admire mushrooms outside your digestive tract.

Haliburton County Warden Dalton MacDonald cuts the ribbon to mark the official opening of the Ingoldsby bridge Wednesday. Assisting in the ceremony were, from the left, Ed McCabe, executive director Department of Municipal Transportation, Murray Fearrey, chairman of County Roads Committee and Bill Obee, County Engineer. The ceremony was attended by many residents of Ingoldsby, members of county council, representatives of the MTC, the architectural firm Totten Simms Hubicki and contractor Roy Grills of Omemee.

HCSA future looks promising

After facing an uncertain future for several years and the possibility that Haliburton County Snowmobile Association will have to fold, it is looking forward to the winter season with renewed optimism.

This fact was evident at the annual meeting held on September 21 at the Minden Fire hall.

Outgoing president Leroy Lichty expressed the appreciation of the HCSA to the councils of Dysart et al, Stanhope, Lutterworth and Anson, Hindon and Minden as well as Wintario for the funds used to purchase trail gromming equipment.

A $91,000 Wintario grant was awarded to the four municipalities in November 1984. The funds were matched by the municipalities and equipment purchased to maintain the more than 550 km of snowmobile trails in the county.

According to Leroy Lichty without the new equipment, the HCSA could not have continued maintaining the trail network.

Past President Tom Prentice told the 30 members present at the meeting that for the first time in eight years, the association is in healthy financial shape and has adequate grooming equipment.

In addition to the four BR 100 trail groomers, four 4-wheel ATV's and four long track snowmobiles owned by the municipalities and operated by HCSA employees, the association also owns two Bombi trail groomers that have undergone extensive repairs in preparation for the coming winter.

During the past year, workers hired under a Canada Works Program and a grant through the Ministry of Natural Resources, made improvements to the existing trails and carried out brushing operations on a new dry land trail around Gull Lake from Moore Falls to Minden. The past president said he hopes similar programs can be continued this coming winter.

Prentice also noted the trails showed a big improvement last season over previous years due mainly to the new trail grooming equipment.

Snowmobilers will find another welcome addition to the trail system this coming season.

Director Peter Overington has constructed one hundred signs that will be placed at major intersections along the trail network by HCSA volunteers. The signs, similar to those in place on trail networks in Quebec, will indicate directions and distances to various centres around the county.

While the members are anticipating a succesful season of snowmobiling, there are still some uncertainties. According to Director Barry Stewart, the Highland Cup ATV Challenge may be discontinued because of the possibility that the ATV track at the Minden fairgrounds may be closed.

Anson, Hindon and Minden council has indicated the racetrack may have to be moved because of complaints about noise and dust.

Stewart reported the three races held this past summer raised over $2000 for the association.

Following the reports on the past season, elections were held to select the board of directors and directors at large. On Friday, September 27, the directors gathered to elect the executive for the 1985-86 season.

Ross Lindsay, the former treasurer, was chosen as the new president of the association. Leroy Lichty was named vice president and Carol Lindsay selected as secretary-treasurer.

Members of the board of directors include, Norm Gemmel, Barry Stewart, Tom Prentice, Mark Lester, Peter Overington, Guard Campbell, Bob Valentine, Paul Prentice, Gord Darby and Arnold Schroeder. The directors at large are Steve Brand, Steve Berry, Tommy Thompson, Jim McGuire, Bill Seedhouse and Bob Clifford.

Shuffleboard court gets nod

Shuffleboard may be the newest sport to be added to the long list of activities available in the village of Minden.

Thursday evening, Bill Ingram, who said he represented a group of area senior citizens, approached the Anson, Hindon and Minden council seeking permission to proceed with an application for a grant from the federal government's New Horizons program for the construction of shuffleboard courts near the tennis courts.

Ingram told the meeting that the courts would be strictly for seniors or the disabled and the group required space for two to four courts on the municipally owned property just off Prentice Street. He suggested a space behind the present tennis courts could be easily fenced off for the sport. He told the meeting the ground is suitable for the cement pads needed for the courts.

Community Services co-ordinator Brian Sisson told the meeting that adequate parking was available adjacent to the proposed site and the Staanworth Court apartments could be a ready source of interested players.

Ingram told the meeting that initial contacts with representatives of the New Horizons program (a special funding agency for senior citizen oriented projects) had indicated they favoured the undertaking. He said if the group started with two courts, it might be expanded to four if there is enough interest. He also suggested the courts could be put under a roof or a building could be erected sometime in the future to provide all-weather playing.

The council saw no reason to object to the initial application and suggested Mr. Ingram proceed.

Busy season planned for centre

by Katharine H. McMahon

I'm glad to report that a lot of interest has been generated in the Centre. The number of people coming to the centre as drop-ins or to participate in the organized activities has steadily increased since its opening in December 1983.

The first month the centre was open it had 39 visitors and by June, 1984 after hosting two special events and a number of newly organized activities the total number of people coming in for the month was 485.

The popularity of the programs and the lovely facility saw the numbers continue to grow and in June 1985 the centre saw a total of 747 persons involved in events sponsored by the centre. (The special event of Ontario Senior Games for Haliburton County boosted the month's numbers tremendously!)

It was great to see that during the month designated for seniors (June), so many came out to participate in the special events. The months of July and August saw 496 and 412 respectively, participate in Drop-In Centre events.

A committee for the future function of the Drop-In Centre has been formed. They are an eager and ambitious group who want to see the centre continue to be a focal point for the seniors of the county. The committee members to date are: Victoria Agnew, Bob Hollobon, Bruce Armstrong, Don Sinclair, Vi Smith, Laura Hartwick, Barbara Nicholls and Bill Mighton.

The committee is looking for individuals interested in acting as host and/or hostess for the centre on a once a month regular basis. Times needed for duty are: 9 a.m. to 12 noon every morning (Monday to Friday) and Thursday afternoons 1 p.m. to 4 p.m. If you are interested in helping the committee with this plan for the continuation of the centre, please drop in and sign up for duty. They need you now!

Fall schedule

Monday 1:15 p.m. Bridge, Vi Smith.

Tuesday: 1:15 p.m. Bingo, Barb Nicholls.

Wednesday 1:15 p.m. Euchre, Laura Hartwick.

Friday: 1:15 p.m. Cribbage Ruby and Bill Mighton.

Beginners are welcome at all events.

* * *

Don't forget to drop in to read the papers, magazines, work on the 'puzzle' or to have a chat with the volunteer on duty and have a cup of tea or coffee.

The Haliburton County Home Support Services Drop-In Centre has a lot of dedicated volunteers who have contributed greatly to the success of the centre. A dedicated New Horizon's committee met one a month for two years. They were interested in equipping the centre and seeing that programs, workshops and special events were organized to utilize the centre to its fullest.

The Ontario Senior Games committee plan and work hard to organize the games. This involved year round meetings. Each activity in the centre has a volunteer convenor. They are great organizers of the program and help generate interest in "their activity". Then we have a host of individuals who attend the programs and are great supporters of the centre. Thank you, one and all, for your support and interest in the centre. Best wishes to you in the future success of the centre.

Changes

There are changes taking place at the Drop-In Centre that are as gradual, yet pronounced as Haliburton County's maple leaf colouring.

Katharine is no longer there to greet the drop ins, the New Horizon's Committee has retired after carefully and effectually managing the grant that helped the centre get started, a new committee has been formed and there's an estimated deficit for 1985 of $1,571.00.

We wish to keep the door open, the coffee hot and the atmosphere friendly for those seniors who stay around town in the winter. The planning committee has made two initial suggestions and both have been approved by the Executive and Directorate of the Home Support Services - but both must gain acceptance by the seniors who regularly attend the weekly activities.

Suggestion No. 1: To fill the void left by Katherine, that volunteers give three more hours per month of their time to act as hostess or hosts on weekday mornings and Thursday afternoons at the Drop-In Centre. The games co-ordinators already do this at euchre, bridge etc.

Suggestion No. 2: That a membership fee of $5.00 per 6 months be initiated for the regular card and bingo players and other recurrent activities. The Drop-In Centre's share of the operating expenses such as town rent and hydro, garbage, sewage and maintenance is $1,571.00 and the above feel would help reduce this deficit.

Bridge players

The Ontario Senior Games Committee hopes to exceed the success of last June's bridge tournament. The Gold Pin winners, Don Clee and Bruce Armstrong are putting their reputations on the line by challenging the seniors of Haliburton County in a fall tournament at the Drop-In Centre, October 17, 24 and 31 at 1:30 p.m. To enter, call 457-2171 and leave your team names (two) and a phone number.

Best performance yet for Redmen

The HHSS Senior Redmen came up with their best performance of the season on Friday defeating LCVI 23-0,in Lindsay. The team won the game by the widest margin ever against the Lindsay club. In the second game of the afternoon the Junior Redmen found themselves up against a bigger, stronger team and went down to a 26-6 defeat.

The Senior Redmen opened the scoring early in the first quarter. With the starting quarterback Trevor Powers on the sidelines. Tom MacLeod completed a 30 yard pass to Greg Pearson on the LCVI 15 yard line. Trevor went back into the game and threw a 15 yard pass to Peter Allore for the first touchdown of the game. With the Redmen ahead 6-0 in the second quarter,the LCVI kicker missed the snap on a punt attempt and Haliburton gained two more points on the safety touch.

The Redmen dominated the second half of the game. The defense held LCVI to only three first downs through the third and fourth quarters.

Andrew Burk provided the scoring punch for the Redmen with two touchdowns.

After Andrew scored his first TD on a 3 yard run,Ian Cooper picked up the two point conversion on a pass from Trevor Powers.

Alex Little kicked the single point conversion after Andrew scored his second TD on a 12 yard run to give Haliburton a 23-0 victory.

Redmen Coach Gary Brohman described the win as one of the best games the coaching staff has seen. " Both the offense and the defense came up with strong performances that made coaching the players alot easier," he said.

Coach Brohman commended Andrew Burk for his excellent work on offense and also singled out the players on the interior line, Sean Whitfield, Sean Allore, Terry Sicard, Craig Burk and Rob Mifflin. flin.

The defensive players who warranted special mention included Daryl Ward, Jeff Hancock, Terry Sicard and Mike MacNaull.

In the second game of the afternoon the Junior Redmen found themselves up against formidable opponents losing 26-6 to the host club.

On the strength of three touchdowns Lindsay held a 19-0 lead going into the final quarter.

The Redmen's hopes were raised when inside linebacker Brad Archer picked up a fumble and ran 35 yards for a touchdown but the Lindsay team held their ground scoring one more TD to win the game 26-6.

Coach Brohman cited the strong offensive play of Ron Perrin and the excellent two way performance of Brad Archer in his role as Inside Linebacker and offensive guard.

The coach also gave credit to Craig Crowe and Derek Little on defense.

The Junior and Senior Redmen will have an opportunity to play outside their league on Friday, October 4,when they travel to Pembroke for a game under the lights against Fellows High School at the Pettawawa Civic Centre.

The Junior game starts at 7 pm,followed by the senior contest at 8:30.

The exhibition games will be played under American rules.

Branch 129 news

by Gerald Irish

On Tuesday night, September 24, the associates were thanked for their Legion involvement with a dinner. After the meal, the guest speaker, David Egerton, encouraged all Associate Members to get involved and stay involved as they will be the future leaders of the Legion.

Comrade David is an Associate Member. He is also President of the Peterborough Branch. David was introduced by Zone and Branch Secretary Comrade Mabel Brannigan and thanked by Branch 129 President Comrade Joan Irish.

The assembled Associates also received greetings from Zone Commander Mel Robertson and Zone L. A. Commander Gwen Cox.

* * *

Cadets' Enrolment Night saw a great turnout. Over 50 teens enrolled. There will be an enrolment night in Minden this Thursday at the Archie Stouffer School from 7 to 8 p.m. We are still interested in having more teens (ages 13 - 18) sign up - both boys and girls.

* * *

A large crowd attended the wedding and dance of our very popular bar steward Bernie Bain and his lovely bride Sharon. We all wish both of you much happiness.

* * *

A host of Legionnaires and the Legion Band boarded a bus early on Sunday morning and headed for the District Drumhead Service at Campbellford. We had one of the largest contingents at the Drumhead.

* * *

The Zone F4 Cribbage Championships were held this past week. Teams from Branch 129 did extremely well, winning first and fifth places. The top six teams go on to the District finals so our Branch will have two teams there. Also, because of the first place win, our Branch will host next year's Zone Championships.

On the first place team was Irene Higgins, Joyce Ross, Marj Taggart and Ruby Mighton. The fifth place team was made up of Laura Bannon, Elsie Watson, Joan Hobson and Sandra Crockett. Congratulations ladies.

* * *

Doug and Jean Potter, who live in Windsor but have a cottage here made a special gift to Legion-sponsored Cadets. They had read in this paper that sponsorship of each cadet is fifty dollars and they generously offered to sponsor a Cadet. Thanks Doug and Jean.

* * *

Ed and Billy Pickard will be entertaining in the Club Room this Saturday.

* * *

Don't forget the General Meeting this Thursday, October 3 at 8 p.m. See you there.

Eakins promotes Ontario in Japan

Victoria - Haliburton MPP John Eakins, Ontario Minister of Tourism and Recreation is in Japan on a travel trade mission to promote Japanese tourism to the province.

Eakins joins an Ontario tourism delegation consisting of a number of representatives from Ontario companies interested in initiating or expanding business with Japan.

"The Japanese market is of considerable value to the province and the ministry. Japanese tourists are among the most sought after by international tourism destinations," Eakins said.

Japan ranks sixth in international tourism spending and recent increases in travel to Canada and Ontario demonstrate a healthy climate for development.

"In fact, studies show tourism will be the biggest industry in the world by the year 2000. It is critical for this province to start competing now for a large segment of that market. This mission should enable Ontario tourism representatives to expand their contacts thereby significantly increasing the flow of tourist dollars into the province in the future," Eakins said.

This is the first Ontario group tourism mission to Japan although overseas markets are a regular feature of the ministry's marketing program.

The delegates will meet with over 100 key personnel from the Japanese travel industry in Tokyo and Osaka.

September weather

- by Phil Graham -

	C	F
Average high	20.5	69.0
Average low	7.6	45.6
Average for month	14.0	57.2
Average for last September	12.3	54.1
Highest temperature September 7	28.5	83.3
Lowest temperature September 14	-1.0	30.2
Rainfall	161.4mm	6.3 in.
Days with thunder storms	4	
Mornings with frost	5	
Days with rain	8	
Days clear or mostly clear	14	
River temperature	16.5	61.7
First frost September 11		

First ten days of September were very wet which raised average rainfall to double normal. From the tenth to the end of the month was good September weather, some light frost but mostly sunny warm days. Temperature was about average. Fall colours will be at their best October 1 to about October 12.

Does this Champion Plott Hound, "CHICAGO", look like the kind of dog that would criticize his own brother, "Shovel-Head-Butcher" (legal guardian Al Coneybeare)? Well, you're right, he did! While Chicago was busy attending various dog trials across North America, and winning tophy after trophy, Shovel-Head recruited his brother "Ralph" (legal guardian Sue Vasey) and sister "Bernice" (legal guardian Murray Beetlestone) to launch a vicious attack, via writ of summons, claiming slander and false representation.

Donations are now being received for Chicago's legal defense fund. Donations over $25 will receive a large bronze paw imprint, (can be used as an ashtray). Send to Chicago, in care of the Rockcliffe Tavern, Minden.

Sr. kickers hold top spot

The HHSS Senior soccer team remains in first place in their division after defeating Fenelon Falls 2-0 in Haliburton on Thursday. Haliburton has not lost a game all season and has won many of their contests by shutouts.

Lennie Johnson opened the scoring early in the game on an unassisted kick.

Late in the first half, John Vanderhorst put Haliburton up by two points. Assists went to Lasse Roslind and Lennie Johnson on what turned out to be the final goal of the game.

Coach Glenn Scully named the two goalscorers, Lennie Johnson and John Vanderhorst as the offensive players of the game. For their strong play, particularly in the second half, coach Scully singled out defensive halfback Marcus Carl and fullback Kevin Sicard as the defensive players of the game.

The Junior Redmen were not so successful in their contest against the Fenelon Falls club. Some strong individual efforts by the obviously experienced visiting forwards gave the second place Fenelon Falls team, a 5-0 shutout victory.

The two HHSS teams have three more road games to play before the end of the regular season with the senior team favoured to clinch the division title.

All eyes are on the ball as the Haliburton goalkeeper kicks a high shot downfield during the Junior game between HHSS and Fenelon Falls Wednesday.

Hockey players need certificate

Before hitting the ice this winter, young hockey players may need birth certificates as proof of age.

Many children's organizations and sports clubs, such as the Ontario Minor Hockey League, insist on verifying the ages of participants. As a result, when fall and winter registrations begin, parents often end up scrambling to apply for their children's birth certificates.

Requests for birth certificates flood into the Registrar General's office every year when hockey teams and other groups start organizing for the season. An even larger deluge occurs each spring when school registrations take place.

"To avoid last-minute panic, parents should apply for certificates as soon as possible," says Rosemarie Gage, Deputy Registrar General of Ontario for the Ministry of Consumer and Commercial Relations.

Application forms for birth certificates are available at town halls and post offices, but they must be mailed directly to the Registrar General's Toronto office.

If you can't find a form, simply write to "The Registrar General, Queen's Park, Parliament Buildings, Toronto, Ont. M7A 1Y5" and request a certificate. Be sure to list all pertinent information, including the names of both parents, the child's name, the place and date of birth and the reason the certificate is required.

A $5 fee for each certificate must be paid upon application.

"It's really best to apply for birth certificates shortly after your children are born," says Gage. "But don't confuse registration of the birth with an application for a certificate."

By law, all births in Ontario must be registered within 30 days of the event.

The child's parents and the hospital involved must forward registration information on the birth to the local municipal clerk. The two reports are cross-checked, then forwarded to Gage's office.

Failure to register can result in a $100 fine. The penalty for reporting false information is $500, but fines for both offences are under review.

A certificate is a legal document confirming facts about the birth.

"A birth certificate is not required by law, but it is usually the basic document used to establish one's identify," says Gage. "It can be difficult to get along without one. You might only make it as far as the child's first school year, although we do get requests for certificates for people of all ages."

In 1984, the Registrar General's office issued 319,605 birth certificates, yet only 133,612 babies were born that year.

The Registrar's office also records deaths, marriages, legal name changes, adoptions, divorces and stillbirths.

Developed during the late 1800's and early 1900's, Ontario's system of collecting vital statistics was born largely out of concern for public health in a period of rapid urbanization. Fears about the health effects of factory life, poor sanitation in cities and the spread of contagious disease underscored the need for a central registration agency.

Doctors and researchers had to have access to statistics on infant mortality and the causes of deaths. Medical researchers still depend heavily on this information.

For information about applying for a birth certificate, call (416) 965-1687.

Lutterworth council considers housing program

Lutterworth Township council wants Canada Mortgage and Housing Corporation to reconsider the township for funding under the Rural and Native Housing Program.

The program was the topic of a discussion between council and Don Moulds, a representative of the Peterborough office of the CMHC at the council meeting on September 19. Moulds told council, Lutterworth Township had not been considered for the home ownership program because of a lack of public interest, and a limited need compared with other areas.

Although applications were handed out, none were received by the CMHC and little interest was shown by Staanworth Non-Profit Housing Corporation when they were asked if they would support the program in Lutterworth Township, Moulds said.

Reeve Ron Gambell disagreed with Moulds' comment that little interest has been shown in the program, noting council had requested consideration for the program in a letter to CMHC in April, 1982.

Moulds suggested council hold a public meeting to determine if there is sufficient interest among local residents. Such a meeting would also indicate any lack of public support he said, noting the RHNP has come under criticism in Minden. "We always like to have council's support but there is always mixed support in the community.... Remember the people we try to help have to live there."

Moulds cautioned council that there is a limited number of housing units available and that the federal and provincial governments are evaluating all housing programs. He commented while he could not predict the future, he expected the programs would continue. Noting that the Ontario Home Renewal Program is being phased out, Reeve Gambell asked Moulds if the township would qualify for the Residential Rehabilitation Assistance Program administered by the CMHC.

Moulds replied there appears to be sufficient need in the township to indicate Lutterworth does qualify.

Following further discussion of the two programs at the council meeting on Tuesday, October 1, council instructed the clerk treasurer to proceed with applications to CMHC.

Sheep marketing agency ready to serve farmers

The new Ontario Sheep Marketing Agency is now in operation. The office has been established in the Ontario Stock Yards Building in Toronto, and Francis Winger has been appointed secretary-manager of the agency.

The 1% licence fees formerly paid by producers to the Ontario Sheep Association will now be paid to the Marketing Agency. It is anticipated that this changeover will take place effective October 1, 1985.

One of the first priorities of the agency is to set up an effective system for the collection and dissemination of sheep market information. This will involve the registration of all sheep producers in the province, as well as the licencing of all sheep and wool buyers. Information from this network will enable the agency to better advise producers regarding the marketing of their products.

Other marketing strategies will include a system of preconsignment sales, forward contracting, and possibly the implementation of an electronic marketing system.

In addition to specific functions related to marketing, the agency will assume previous responsibilities of the Sheep Association, in the areas of producer education, product promotion, and the direction of Sheep Focus.

New directory

Interested in a self-improvement course, or a credit course toward a degree? The Directory of Distance Education in Ontario, is a booklet prepared by the Rural Organizations and Services Branch of the Ontario Ministry of Agriculture & Food, as a result of a recent study indicating that there are educational needs among rural clientele which are not being met because of distance. Two copies are located in each Ontario Ministry of Agriculture & Food office. Interested persons are invited to visit the local Agricultural Office and ask to see the directory.

Youth speaking competition

In celebration of International Youth Year, the Royal Agricultural Winter Fair is hosting a public speaking competition. This competition is open to all rural youth between the ages of 15 and 24 years. Delegates to the 1985 Young Speakers For Agriculture Workshops are eligible to compete.

The competition will be held on Thursday, November 14 between 1:00 p.m. and 7:00 p.m., in the Board Room, Coliseum, Royal Agricultural Winter Fair. Entry forms and rules are available at the County Agricultural Office in Lindsay. These must be completed and returned by October 11 in order to be eligible.

Speeches must be 5 - 7 minutes in length, on a current issue pertaining to Ontario's agriculture and food industry. This is an excellent opportunity for any young people interested in public speaking.

Farm family of the year

John and Marg Hope and family of R.R. 1, Lindsay, have been selected as Victoria County's Farm Family for 1985. They are the first winners of this new competition sponsored by the Lindsay Chamber of Commerce, and announced during Lindsay Central Exhibition.

In selecting the Hopes as the winners over the eleven other farms nominated, the judges noted several points. All members of the family are involved in the operation of the dairy farm business in Ops Township, north-west of Lindsay. Their farm is extremely clean and neat and is an effectively operated modern business. Also, all of the family members have been quite involved in farm organizations in Victoria County, including John's position as President of the Victoria Holstein Club this year. This involvement in organizations has enabled John and Marg to become effective spokesmen for the farm community.

As Victoria County's Farm Family of the year, the Hopes received a large trophy from the Chamber of Commerce as well as a keeper trophy presented by DeKoker's Abbatoir. In addition, they will receive an all-expense paid trip to Toronto for the family, including a visit to the Royal Agricultural Winter Fair, in November.

Events this week

Friday, October 4, 9:00 a.m. - Ontario Maple Syrup Producers Association Provincial Annual Meeting in Haliburton Legion Hall. Meeting continues with farm tours on Saturday, October 5.

Monday, October 7, 8:15 p.m.: Victoria Milk Committee Meeting, Lindsay Ag. Office.

Tuesday, October 8, 10:00 a.m. to 4:00 p.m. "Show Case '85" - at farm of Doug Hickson, on Hwy. 35 south of Lindsay. A complete line of Case I.H. equipment will be displayed by four area dealers. Free lunch, door prizes. Program rain or shine.

October 7 - 13: Agri-Food Week in Ontario. Several farm organizations in Victoria County will have exhibits in the mall at Lindsay Square on October 11 and 12.

Silo gas is dangerous

Running a successful farm today involves running a very complex business. A farmer must have administrative and financial skills as well as indepth knowledge of the farming process.

Farmland must be managed to yield maximum crops, and to do this farmers use numerous chemical based products. The concern of The Lung Association is that chemicals can be found in sprays and fertilizers. Chemicals can also be produced from farm processes, and the farmer breathes these harmful chemicals.

"One of the more serious chemical inhalant hazards on the farm is that of silage gas," says The Lung Association, Victoria Haliburton Counties. "Silage gas or nitrogen dioxide is produced from the combination of nitric oxide (which is a by-product of the fermentation process that takes place in a silo almost immediately after filling) and oxygen in the atmosphere. Depending on the concentration, the gas may be visible as a yellowish-brown gas with an odour similar to laundry bleach."

Again, depending on the concentration, the presence of the gas will be recognized by a burning sensation in the nose, throat and chest. Exposure to heavy concentration can result in death, and each year animal and human fatalities result from exposure to the gas.

Caution is essential, and farmers should stay clear of the silo for a period of three weeks after filling. When the farmer does have to enter the silo, he should make sure it is properly ventilated before entering.

Small business aimed at new entrepreneurs

Tips, advice and methods of beginning a new business will be the focus of starting a small business seminar on October 7 at the Wig-A-Mog Inn, Haliburton. Sponsored by the Ontario Ministry of Industry, Trade and Technology and Sir Sandford Fleming College, the two-hour seminar starts at 7 p.m.

"These seminars are an excellent means of learning what it takes to succeed," Industry, Trade and Technology Minister Hugh O'Neil said. "Many entrepreneurs starting up a small business do not have the time or resources to discover on their own all they need to know. These seminars provide a first-stop opportunity to learn basic business principles."

Phil Irwin of the ministry's small business advice and counsel section will conduct the free seminars and, with Steve Motta of the ministry's Peterborough office, will be available to provide information on ministry services following them.

Topics will include preparing for a small business, the ingredients of a successful business plan, sources of financing and choosing the right business structure.

For further information contact Barb Bolin, Sir Sandford Fleming, at 457-1680 or Steve Motta, Ministry of Industry, Trade and Technology, 139 George St. N., Peterborough, (705) 742-3459.

CAS opens new Haliburton office

After being located in the Good Medical Clinic in Haliburton for the past three years, the Kawartha-Haliburton Children's Aid Society has opened a new expanded office in the Bishop building in Haliburton.

At an open house on Thursday, the manager of the Lindsay branch of the CAS, Richard Hildreth, told The Times the relocation had been necessary because of the addition of two part-time workers to the staff.

The staff expansion was in turn, a result in the increase in the number of referrals to the CAS. "Our social worker, Gena Robertson, has thirty cases alone at present and we are seeing an increase in referrals," Hildreth said, adding, this increase reflects a province wide trend. Many of these referrals can be very time-consuming.

The manager pointed out, "By law, we must investigate all cases of abuse and each case usually takes about five days."

The recent economic recession had a traumatic effect on many families. "In poor economic times there is more stress on families, increased strain on marriages and more cases of child abuse," Hildreth said, adding, "The economy has improved but there seems to be a time delay. We expected more referrals last year. Instead, they are happening now."

Hildreth is aware of the criticisms that have been levelled against the CAS regarding the high cost of operating the agency.

In a report to County Council on September 18, Ross Duncan the County representative to the Kawartha-Haliburton Children's Aid Society told his fellow councillors the CAS is already $30,000 over budget this year and predicted the deficit could reach $200,000 by the end of the fiscal year.

He pointed out the CAS had a deficit of $130,000 in the region in 1984 and questioned why the agency "Was spending money it did not have." He suggested "An exceptional circumstance review by the ministry may be necessary," to alleviate the financial difficulties.

In response to Duncan's concerns, Hildreth pointed out, "Almost all of the $130,000 cost overrun was because of children under the Society's control in foster homes and group homes." "This was a much higher than expected level."

He emphasised that although there has been an increase in the number of children who have been placed in the care of the CAS, separating children from their families is avoided if possible and considered, "Only as a last resort."

"People seem to think that we just take children from their homes, but our goal is to keep children with their families. Many other things are done first," he said, adding, "We have a lot of other services to offer." These services and programs include: protection of children through the child welfare act; family services including counselling; foster care; adoption; referrals to other agencies; financial assistance in special circumstances on an emergency basis; public education on CAS and other agency services; and community development to assist in identifying gaps in services.

On hand to greet visitors at the Children's Aid Society open house on Thursday were staff members, Jamie Hurley, receptionist, Gena Robertson, social worker, Lorraine Noonan, parent aide, Karoul Talaba, "hard to serve" worker and Sue Lindsay Valm, social worker.

In Haliburton the CAS employees work closely with KinArk, the Haliburton Alcohol and Drug Education Centre and the Haliburton County Children's Services Case Co-ordination Program.

But, as Hildreth noted, "The workers in this office have to be much more diversified than those in other agencies and have to be able to do many different things."

The five workers who are employed by the CAS and the Ministry of Community and Social Services include a full time and part time social worker, a full time parent aid worker, a full time "hard to serve" worker for children with special needs and a part time receptionist/secretary.

The newly opened CAS office offers services for all off Haliburton County.

MORE ABOUT OUR ROADS

With the province steadily reducing road-cost support, the challenge to municipalities like ours is obvious. It means we can no longer afford a lack of planning and control. It means common sense methods used by private businesses to surive have got to become common sense for our roads department as well. The difference of course is that private business is just that ... private. A municipal roads department on the other hand operates in full view of everyone, from those who comment on the coffee breaks to those who second-guess every job performed. Unfair as that may seem that is life as a public employee in any part of the Province. However, there is one area of the department I believe our Council must decisively step into. The right to do so is provided by Provincial legislation, and the savings to taxpayers will be considerable both in terms of dollars and increased service.

Simply put, the authority of the Roads Superintendant must be returned to that office. For at least the past seven years that position has been weakened by a failure to upgrade it with the skills necessary for a modern municipality. There are only two options open if a Council can verify that any municipal position has become more demanding than it originally started out. There must be methods chosen to add the necessary skills, or there must be a replacement. Unfortunately, past Councils have taken a half-hearted approach that sits on the fence between those choices and solves nothing. Traditionally, the Reeve or some other member has for all intents and purposes assumed the role of Superintendant and the Superintendant has been reduced to a crew foreman.

Times change and I believe the position of Roads Superintendant must now be required to assume responsibilities that are normal to an equivalent position in private business. Budgeting, proper project estimating, cost control, inventory control, job and manpower planning, time-card review and reports to Council are only a few of many road department needs that are currently supplied by other persons outside the department. The results are predictably confusing for employees and boil down to a question of just who is finally responsible for what? The municipality requires its other Supervisors to upgrade their skills as needed and has received complete cooperation in that regard; the Roads Superintendant must be required to do the same.

I believe our Reeve and Council must set standards of employment, and regularly review the performance of municipal supervisors - who in turn are responsible for the department employees. But I don't believe they are elected to perform those persons' jobs. Until a proper managing process is begun, Council - not employees - should accept responsibility for the inefficiency, poor morale and tens of thousands of dollars wasted each year in our roads department.

NEXT WEEK: Growth and keeping pace with our neighbours.

This Week On T.V.

The listings are supplied by the T.V. stations. While every effort is made to ensure their accuracy, last minute changes may be made by the stations.

ontario hydro

SNOW REMOVAL

TENDERS ARE INVITED FOR ONTARIO HYDRO (MINDEN) SERVICE CENTRE 1985/86 SEASON

Tenders will be received for the removal and disposal of snow from the service yard and parking lots on an as required basis at Ontario Hydro's Minden area service centre located on Highway 35, Minden and Minden T.S., on Highway 121 at Allsaw.

The contractor is to supply the necessary rubber tired equipment with operators (hourly rated.)

Roads and parking areas are to be cleared by 7 a.m. of accumulations of 3 inches or more of snow or slush.

Tenders are to be submitted by 4 p.m. on October 4, 1985 on company letterhead.

For further information and site inspection, contact B. W. Vanasse, Ontario Hydro, Box 210, Minden, Ontario, K0M 2K0. 286-2031.

This Week On T.V.

The listings are supplied by the T.V. stations. While every effort is made to ensure their accuracy, last minute changes may be made by the stations.

THANKS

The Times and the Haliburton Highlands Golf Club thank everyone who participated in The Times Autumn Open on Sunday, September 22. Special thanks to all who donated prizes.

Jack & Keith

Needle Notes from Stedmans

CROCHETED CAT & MOUSE

A great project for gift-giving or bazaars, this whimsical pair is crocheted using Patons Canadiana Sayelle yarn. The cat stands about 10" high (25 cm). The added touch of a plaid ribbon and a bell gives puss a jaunty look.

These patterns are available at Stedmans in Minden and Haliburton.

Relatives and friends gathered Saturday, September 28, at Ingoldsby United Church, to witness the marriage of former Times staff member Susan Scott and Paul Irwin. Susan wore her mother's wedding gown of satin and around her neck was a gold and diamond sunburst which had belonged to her grandmother, thus following the tradition of 'something old' etc. After the ceremony, the wedding party consisting of bride and groom, matron of honour, best man, two bridesmaids and two ushers, posed in the beautiful sunshine before proceeding to Wig-A-Mog Inn to join the guests for a reception. Susan is the daughter of Gil and Mary Scott, long time summer residents on East Moore Lake who recently purchased a permanent home in Minden. The young couple travelled to Vancouver for a two week honeymoon and will return to Peterborough where Paul is employed at the Peterborough Examiner.

Guild news

Some people think that once summer is over activities and work at the Guild and Gallery slow down. We are pleased to say that the contrary is true.

We begin a different kind of work keeping members, friends and staff very busy.

Currently, at the Gallery we are exhibiting two shows, "On the Wild Side", and "Me N' Len". Visitors to the Gallery will see wildlife photographs, bird carvings and paintings from a new book Me N' Len.

Interested persons have listened to wildlife author R.D. Lawrence and others have trekked out looking for migratory birds. A group learned how to attract wildlife to their backyard and others will learn what is happening with acid rain in the area.

People interested in wildlife and photography can enjoy an evening with photographer/author Bill Ivy.

World travellers, those who have and those who would like to are enjoying a series of travelogues at the Gallery. Last week we trekked down the Nile in Africa and we still can look forward to Israel, China and the Far East. All residents are welcome to attend these travel talks and join in this exciting time.

For the crafty types we are offering a knitting workshop called 'Design Your Own Sweater', a Christmas ornament and smocked Christmas ball workshop. Each has a minimal fee to cover expenses and is open to any interested person.

The Concert Series has worked hard again this year to bring us an excellent list of entertainment. The first concert presents the music of piano and flute by Devonian Duo on October 21. Tickets are available at the Gallery.

Our Guild Groups begin meeting again in September and by now are back into full swing with interesting plans for the upcoming year.

We are also busy with Knitters and Weavers who are scooping up Handcraft Wools from Ted Carson as they know we will only have the wool until mid October.

As you can see, our organization is as busy as ever. We do hope that residents of the area can take part in some of our events and will call us if they need further information.

Did you know?

by Suzanne Gilder

Did you know .. that your County Information Centre offers a variety of application forms that you may need at some time?

We have forms for applying for passports; birth, death and marriage certificates; social insurance number; correspondent education; Ontario student assistance program (OSAP); family allowances; retirement pensions; disability pensions; death and survivors benefits; senior citizens accommodations; O.H.I.P.; coverage and premium assistance, and many more.

If we don't have the form you need, we will either get it for you or advise you as to where you may obtain one. We also provide assistance in filling out all forms listed.

* * *

Wouldn't it be nice to not receive any more junk mail? Well, there is a way! In order to get your name off many mailing lists, just call the Canadian Direct Mail Association at (416) 494-8585.

* * *

Please keep in mind that we are here to help people of all ages find solutions to problems relating to social, health, governmental and environmental subjects. Why not drop in or give us a call at 457-2733?

Eakins to address Chamber meeting

The guest speaker at the annual meeting of the Haliburton Highlands Chamber of Commerce will be Victoria-Haliburton MPP John Eakins. Chamber manager Shirley Rapson made the announcement earlier this week.

Rapson said she was particularly pleased with the selection of Eakins since he is the recently appointed Minister of Tourism for the province.

The meeting will be held at PineStone Inn, October 18. The evening will open with a reception at 6 p.m., dinner at 7 p.m. Following the meal, Eakins will speak, after which the election of officers for the coming year will take place.

Tickets for the evening cost $15 and are available from any member of the Chamber's board of directors.

you don't smoke

Why pay for the fires of those who do?

Careless smoking is a major cause of fires in the home. At Maplex General, non-smokers enjoy competitive rates that reflect the improved risk they represent.

Non-smokers also enjoy comprehensive and up-to-date coverages. There are three homeowner plans from which to choose as well as plans for tenants or condominium owners. And, there's a full range of optional coverages available.

Good value in both coverages and price are good reasons why non-smokers should choose Maplex General Insurance.

"We'll be there when you need us"

This 1931 Ford roadster complete with a concealed rumble seat, was one of many antique vehicles to tour the Highlands this past weekend. Members of the Great Pine Ridge Region of the Antique and Classic Car Club of Canada held their annual fall tour in the county. A number of the immaculately restored vehicles were on display Friday afternoon at the Beaverbrook Golf Course and Sunday morning at Birch Point Lodge.

Watercolours featured at gallery

A month long exhibition of paintings by two award winning artists opened on Saturday at the Agnes Jamieson Gallery in Minden.

Susan Spencely of Cavan, Ontario, is no stranger to the gallery. Her watercolour portrait won the Best of Show and Best of Open Category at the Juried Art Show in 1984.

Working in watercolours and the mixed media of pen and ink and watercolours, Susan's paintings include portraits, floral studies and free flowing abstracts.

The floral studies vary from the delicate pen and ink study "Tiffany Rose from Eloise's Garden" to the rich and vibrant colours of her wildflower painting. Her vivid sense of colour and form is evident in the abstract watercolours that range from the whimsical "Pinkie and the Monster" to the sombre "Carnage on 115."

Artist Jean Crank also includes impressionistic interpretations of wild-flowers in her exhibition but the collection is dominated by landscapes and pastoral scenes. Her landscapes such as "The Kawarthas" reveal her love of nature and capture the beauty of the wilderness.

Her skill as an artist is especially evident in the well balanced paintings of old farmhouses set in wooded hills that pay homage to turn of the century architecture.

As revealed in her portfolio, Jean Crank is a prolific artist, at ease in a variety of styles and mediums.

The exhibition continues until October 26.

Three injured in accident

Three people were injured, one seriously, following an accident Friday on County Road One in Snowdon Township.

According to the police, the three were travelling in a rented 1986 Dodge when the vehicle fishtailed out of control, left the road and rolled over several times in the ditch.

Cynthia Holm, 22, of Haliburton was the most seriously injured. She may have a broken neck as a result of the mishap. Gunter Franke, 32, of Haliburton, suffered a broken arm and other injuries while Steven Holm, 20, of Downsview sustained minor injuries.

The three were taken to Minden hospital for treatment. Police have yet to determine who was driving the vehicle.

Constable Jim Morris was the investigating officer.

$3500 damage

An attempt to avoid a deer on the road resulted in $3500 damage to a car driven by a Norland man.

41 year old In Lee was travelling on the Little Kennisis Lake Road Thursday afternoon when he braked suddenly to avoid hitting a deer. The action caused the vehicle to slide into the ditch where it rolled over several times before coming to rest. The man was taken to Haliburton Hospital with undetermined injuries.

The investigating officer was Constable Boyd Jarvis.

Trent-Severn water levels

On September 23 the reservoir lakes were still above the ten-year average. The percentage dropped 6.05% from the previous week and stood about 5% over the ten-year average at 55.27%. This higher level, incurred by the wet conditions early in September is 15% higher than levels recorded at this time two years ago.

Flows on September 27, from the Burnt and Gull Rivers as well as the Otonabee decreased over the past week and are again running as they were at the beginning of September.

The Kawartha lake levels, by September 27, were decreased slightly from the previous week and held in mid-range to minimize any problems associated with heavy rains, possibly from Hurricane Gloria.

Q:
What has over 300,000 Canadian children gasping for breath?

A:
Asthma. To find out more, call your Lung Association.

THE LUNG ASSOCIATION

Kennel call

The following animal is available for adoption from the Minden Animal Clinic. For more information, please call Dr. Peter Bennett at 286-2919.

- a spaniel cross Collie, black and tan in colour, male, approximately one year old. The dog was found on Main Street, Minden. Available for adoption until October 7.

CORPORATION OF THE TOWNSHIP OF STANHOPE

PUBLIC NOTICE

TAKE NOTICE that the Council of the Municipal Corporation of the Township of Stanhope proposes to enact a by-law to stop-up, close and convey to the abutting property owners, those parts of the original allowance for road set out and described as follows:

All and Singular that certain parcel or tract of land and premises situate, lying and being in the Township of Stanhope in the County of Haliburton and being composed of part of the original allowance for road between Concessions IV and V in front of Lot 13 and being more particularly described as Part 1 on a Plan deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R 3365.

A COPY OF THE PLAN OF SURVEY as noted may be viewed at the Township of Stanhope Municipal Office during normal working hours.

THE PROPOSED BY-LAW will come before the said council for consideration at its regular meeting at the Municipal Office in the Township of Stanhope on the 9th day of October, 1985 at the hour of 11:30 a.m., and at that time, the Council will hear in person or by his counsel, solicitor or agent, any person who claims that his land will be prejudicially affected and who applied to be heard.

DATED: August 31, 1985.

Gerald C. Bain, A.M.C.T.
Clerk of the Corporation of the
Township of Stanhope,
R.R. 1,
HALIBURTON, Ontario
K0M 1S0

Staanworth residents had a party last Thursday evening to help celebrate two special wedding anniversaries. Alex and Mary Stevenson, who celebrated 50 golden years and Mark and Carrie Vasey who have enjoyed 52 years of wedded bliss. An excellent dinner was enjoyed by all, followed by an evening of cards. May we add our congratulations to both couples for many more years of health and happiness.

Mr. and Mrs. Wilfred Lindsay of Little Britain visited with Mary Currah on Wednesday.

* * *

The Pot Luck supper at Club 35 held last Friday, September 27, was enjoyed by all. An evening of euchre followed the meal and winners included, most lone hands - Lodi Mestroni, high lady - Marg Fletcher, high man - Don Burch. The door prize went to Inez Mestroni and the other winners included John Burns, Eleanor Ferris and Olive Daniels. The lucky draw for a clock made and donated by John and Mabel Burns was won by Sadie Fraser.

The Beers Family and Mrs. Mary Wright travelled to Bracebridge Sunday for a visit with friends and relatives in that area. While there they visited Woodchester Villa, the local museum and viewed an exhibit on pioneer families of Muskoka featuring Bill's maternal ancestors, the Mackenzies of Staney Brae.

* * *

The Times staff attended the wedding of former staff member Susan Scott to Paul Irwin last Saturday in Ingoldsby United Church. The reception was held at Wig-a-Mog Inn, a beautiful setting for a beautiful wedding.

* * *

Card party results from Club 35's Monday evening games were - most lone hands Murray Daniels, high lady - Edith Russell and high man - Ralph Schad. The door prize also went to Murray Daniels and other winners were Audris Taylor, Trudy Smith and Olive Daniels. (Must have been a good night for the Daniels').

* * *

Visitors with Mrs. Mary Wright on Tuesday were Kay Beers, Jean Larose and Mary Rook, all of Bracebridge. The ladies very kindly stopped in at The Times office to say "hello" before setting out for a nice drive to admire the beautiful colours in our area.

senior league

by Bert Harrison

Dear readers: By the time this letter reaches you we will be in the month of October. Let us count our many blessings and all try and stay sober.

Quite a lot of activity around here over the weekend. I see Bill Johnson is here to look after his dear mother, and we are sure there were many others.

Sorry to report that Mrs. Stutt did slip and is in Lindsay hospital with a broken hip.

Watched movies over the weekend, again always something to keep up entertained. The ladies who are living in room 103 are as friendly as they can be. They invited me in to watch T.V.

Ada Allcorn is surely doing fine. Kathy Owens came to visit her and stayed with her to dine. Kathy also stayed and played the music for chapel service Sunday night when the Thompsons couldn't be there. Our sympathy to them we would like to convey, for Harold's sister has just passed away.

Arnie Wright is back from a week's holiday. Said she had a good time while she was away.

The Peter Fearry's are as proud as they can be. They have added another branch to the family tree. Congratulations, best wishes, what can we say more? They had 3 darling girls, now they have 4.

Tuesday morning Pastor Wood from Allsaw Pentecostal Church came to Hyland Crest, along with his wife Joyce. Pastor Wood brought us a very inspiring message. His wife played the music, led the singing. She has a lovely voice, we would just like to say. Thank you for coming on this September day.

Congratulations, best wishes we would like to say to Mary Oliver on her 96th birthday.

Tuesday noon our Doris said she is the one who drives our bus and has a level head. Instead of watching movies, let me take you residents on a bus ride. I think the weather is going to be fine. The clouds are breaking, the sun is going to shine. Besides the residents who wanted to go, some a little fast, others a little slow. We had Doris, Linda, Jean and Harry. Harry always has a basket of fruit with him. We went through many side roads, just where we were not certain. Then Doris finally brought us out to the town of Haliburton. Then we started for West Guilford, stopped at the half way store. It seems Harold Hogg treated us to ice cream. Then on we came to 35 with Maple Lake in between, then back to Hyland Crst. It all seemed like a dream.

We welcome Mrs. Janie Kent to our lovely home. We hope she'll enjoy her stay and get to like it here so well she won't want to go away.

The ladies from the Kinmount U.C.W. came to us Thursday afternoon. Brought and served a tasty lunch. Doris and I played them a few lively tunes. We also had a birthday party for those who had a birthday in September with a delicious birthday cake. We wish to thank the Kinmount ladies for coming to us this September afternoon. Please come back to us again real soon.

Fern Donnelly came again Friday to help Doris with fun and fitness when Linda is away. Had no sing song Friday afternoon. I don't know just why. Watched a real interesting movie instead, "The King and I" which was interesting indeed, then for an hour Doris to us did read.

We have new helpers in the kitchen dining room and such, so many changes taking place it is hard to keep in touch. We have a new cleaning lady starting here today. Her name is Margaret Brohm. To help keep clean our lovely home.

The motorist stood at the suburban front door, his hat in his hand. "I'm very sorry to tell you, Madam," he said to the woman who answered the door, "but I've just run over your cat. I would like to replace him!"

"Well, don't just stand there," snapped the house wife. "There's a mouse in my kitchen. Get busy."

kid's korner

by Jean Lacey

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun!

Q: Why is a coward like a leaky faucet?

A: Because they both run.

Q: Why is your sense of touch impaired when you are ill?

A: Because you don't feel well.

* * *

Q: Why is it that every man's trousers are too short?

A: Because his legs stick out two feet.

* * *

Q: Why does a tall man eat less than a short one?

A: Because he makes a little go a long way.

* * *

Q: Why is your nose not twelve inches long?

A: Because then it would be a foot.

* * *

Real estate board marks special week

The Haliburton District Real Estate Board will observe Private Property Week in Canada by holding a dinner at Bonnie View on Wednesday, October 9.

The theme of Property Week (October 6 - 14) is to honour the heritage of private property ownership given to us by our forefathers. Keeping this in mind, we have asked Nyla Reynolds, author of "In Quest of Yesterday" as one of our guest speakers, to take us back through our yester-years.

For our next step, we have asked Shirley Rapson, our Chamber of Commerce Manager, to take us through our present time and perhaps a view into the future.

Lynn Craigmile, Haliburton County Real Estate Broker will briefly discuss the view of the Haliburton County Real Estate Board and the Ontario Real Estate Association.

All residents are invited to join with members of the Haliburton District Real Estate Board in celebrating Private Property Week attending the dinner with us. There will be a cash bar at 6:30 p.m., Dinner at 7 p.m. Tickets are $12.00 per person (tax included).

As there are a limited number of tickets available, we suggest you call one of the following members early and get your ticket: Joan Rayment 457-1365; Irene Roberts 457-2414; Marg Harrison 457-2220.

A new year for Home Support

by Donna Bailey

170 people attended our fifth annual meeting on September 20 held at the Royal Canadian Legion, Haliburton. A new Executive and Board of Directors plus various committees are now in place for this next year. We look forward to a year of productivity and refinement. We invite new volunteers to become part of our organization. Each of us have specialities and we encourage you to use your gifts within our organization.

The autumn newsletter is now available free of charge to anyone. Please drop into our office or Drop-in Centre and pick up a copy. It is full of information geared to Seniors and Disabled Persons.

Our next meeting will be on Friday, October 18 at the PineStone Inn and Country Club. It will be in the form of a noon dinner - full course sirloin of beef - at a cost of $6.25 per person. Our guest speaker will be Dr. Art Prowse, F.R.C.P. (C), from the Psychiatric Services of Peterborough Civic Hospital.

Everyone is welcomed to attend this dinner meeting. Dinner reservations are required. Please phone our office by October 11 for reservations. If we can be of assistance to you please contact the Home Support office any weekday at 457-2941. Or drop in to our office and Drop-in Centre which is located opposite Emmerson Lumber.

FRONTIER MOTORS
R.R. 2
Minden, Ontario

NOTICE

The Ministry of Natural Resources is proposing to stabilize the Shoreline to prevent erosion at the Fire Operations Headquarters in Haliburton on Head Lake. The burying of the existing water line in the lakebed at the same locations is also proposed.

This involves placing 4" - 10" gabion stone along the shoreline to prevent erosion. The trenching of the lakebed for a distance of 20 feet from the existing high water mark is also proposed to facilitate burying the water line to prevent freezing.

These projects are being planned in accordance with the approved M.N.R. Class Environmental Assessment for Shoreline and Streambank Stabilization.

Such assessments are intended to give interested and affected parties the opportunity to provide input to the planning of such projects and to request, if necessary, individual treatment under the Environmental Assessment Act.

You are invited to direct any inquiries, comments or concerns regarding the shoreline stabilization and burial of the water line to the District Manager, Minden District by October 16, 1985.

Final notice of these projects will be issued to those who reply to this notice and to those who are directly affected.

AT REST

MOVICH
Anna Victoria

At Lindsay on Thursday, September 19, 1985 in her 92nd year. Anna, beloved wife of the late Frank Movich and dear mother of Adele, Gloria, Valerie, Florence, Dolores and Frances. Lovingly remembered by 22 grandchildren, 11 great grandchildren and many others who called her "Mom" or "Gramma". Rested at the Giffen-Mack Chapel, 2570 Danforth Ave. at Main St. Subway. Funeral service was Monday morning at 11 a.m. from St. Paul's Anglican Church (227 Bloor St. E.) Cremation.

CARD OF THANKS

Thanks to our family, friends for making our 25th Anniversary a very enjoyable occasion. Special thanks to Maraylene Welch, Barbara Beggs, Brian, Marg and Jr. for their extra help. Also to the many that helped with the delicious buffet. Thanks for the many cards and gifts.

Sharon & Bob Barnhart

Mrs. Annie Miscio wishes to thank all her family and friends who went to her house with best wishes for her birthday and she also wants to thank all who sent best wishes in the mail.

CARD OF THANKS

The family of the late Mary Helen Walker would like to thank friends and relatives for flowers, cards, phone calls and their kind deeds. After the loss of a dear mother and grandmother. Special thanks to Rev. Witzel for prayers and words of comfort - also to Gordon A. Monk Funeral Home, Minden for all their help and kindness shown in our time of sorrow.

The Walker Family

We would like to thank everyone, friends and relatives for the flowers, phone calls, cards, food donations, and memorial donations after the death of our mother. Special thanks to George Johnson, Rev. John James, the Gordon A. Monk Funeral Home and the Minden U.C.W. for all the help and thoughtfulness they shared in the time of our loss.

The Family of the late
Jean Taylor

IN MEMORIAM

MISCIO: In loving memory of my dear husband, Mike Miscio, who passed away September 25, 1972.

In a quiet graveyard
Not too far from here
Lies my loving husband
For thirteen lonely years.

Always remembered, Annie.

With your support cancer can be beaten.
